Alpha Kappa Alpha Sorority, Incorporated Chi Psi Omega Chapter received a \$5,000 grant from MLK Day of Service; partnered with Rickards Middle School, Home Depot Store #6312, Alpha Kappa Alpha Sorority, Incorporated Kappa Kappa Omega Chapter and ASCEND youth groups for a Health Garden. The garden is filled with healthy fruits and vegetables with a weatherized stake designed to inform visitors how each fruit or vegetable contributes to healthy living. It is a bellwether concept, one of its kind and no other public school in Florida has a garden that mirrors it. It is sustained by Rickards Middle School Anatomy and Physiology Class. It recently placed third among service hours rendered to complete; 1,275 hours. Community participants may visit the garden by contacting the school and following procedures for school visitation.

Omega Psi Phi’s Eta Nu Chapter inspires community at Third Annual Black History Festival

Pompano Beach FL, - Imparting knowledge of the vast laudable contributions of Black Americans to our children is critical to the development of our community’s future leaders. Exalting the African American experience in United States history first came to prominence in 1926 when renowned historian and Omega Psi Phi brother Carter G. Woodson initiated “Negro History Week”. During February 18-21 2016, the Eta Nu Chapter of Omega Psi Phi Fraternity Inc. in partnership with the City of Pompano Beach presented the third annual Black History Festival at the E. Pat Larkins Community Center in Pompano Beach Florida.

The family-friendly exposition showcases the extraordinary and often unheralded labors of our dynamically courageous ancestors. “This is our third year of putting this event on. Many of our young people don’t know about the accomplishments of African Americans,” said Melvin Davis, Social Action Chairman for the Eta Nu Chapter. “We need our young people to learn about the sacrificial struggles of the civil rights movement”.

The enlightening event featured a wide variety of scholastic and interactive activities including an eclectic collection of black history themed exhibits. There were authentic African paintings and sculpture, along with a diverse assortment of books, and films. Guests were treated to a live robotics demonstration by Eta Nu’s student mentee groups the Q-Unit and Gentlemen of Influence. The robotic science technology is a vital part of our mentoring program’s STEM education component. The festival also included live music, a classic car show, food vendors, health screenings, a Junkanoo band performance, and HBCU representatives and admissions information. The responses were glowingly positive from the students and families in attendance. We look forward to seeing the event continuing to grow in future years.

Pink Goes Red Jazzercise Class**

Alpha Kappa Alpha Sorority, Inc., Kappa Kappa Omega Chapter participated in Pink Goes Red by wearing red in support of the sororities partnership with the American Heart Association's Go Red campaign on February 5. We invited friends, family and other community members to join us with the ladies of Jazzercise of Fort Lauderdale to keep our heart rates healthy and active! Jazzercise is a dance-based group fitness program, lasting anywhere from 45-60 min. It is a combination of dance, resistance training, Pilates, Latin-style dance movements, pop and hip-hop. All participants were able to get their blood flowing and their hearts pumping all while enjoying the fun of dance combined with aerobics. Heart disease is the number one killer of women, which makes it that much more important we stay as physically active as we can to avoid this illness. Alpha Kappa Alpha maintains an active portfolio of service initiatives under the Launching New Dimensions of Service platform including Health Promotion, Educational Enrichment, Family Strengthening, Environmental Ownership, and Global Impact."
